Notification D. No. 50, *dated* 13*th May* 1913.

1. A Mechanical Engineering School will be opened in the Sir Sheshadri Memorial Hall, Bangalore, from 7th July 1913.

2. Application for admission into the school, which shall be in the candidate's own handwriting, must be sent to the Superintendent of the School so as to reach him on or before the 15th June 1913 on forms which can be had from him. The application should be accompanied by three certificates (1) certificate of age from parent or guardian that the applicant is between the years 15 and 18, (2) certificate of character from the Headmaster of the school in which he was studying last, testifying to his general good behaviour while in the school, and (3) certificate of having passed at least the Mysore Lower Secondary Examination in English or other certificate of possessing that standard of qualification.

Note.—Some relaxation will however be allowed in the case of persons already engaged in professional or other work for taking a course of practical wor particular subjects in which they may be interested.

3. For the present the number of students that will be admitted to the sc 50, of whom 10 will be for qualifying themselves as teachers in Industrial Schoo

4. No fees will be levied, but students should provide themselves at text-books, note books and the necessary drawing instruments.

5. Work-shop tools, drawing boards, T.-squares, and set-squares will the school.

6. Twenty scholarships will be awarded during the 1st year, 40 duri and 60 during the 3rd and subsequent year, the value of each scholarsh month preference being given to candidates from the districts.

7. The session or year commences on first Monday in July and will terms. The first term commences on the first Monday in July, and ends o December. The second term commences on the 5th January and ends on the the same year.

8. The school will impart instruction in the principles and practice of the fo
   (1) Management and care of steam and oil engines.
   (2) Management, care and erection of machinery and mill work.
   (3) Electrical work including operating.
   (4) Care and driving of motor cars.
   (5) Carpentry including cabinet-making.

The course will extend over 3½ years in the case of branches (1), (2) and (5), th six months being a sort of practical course in one of the pumping stations or where l works are in progress, and 2½ years in the case of branches (3) and (4).

9. An examination will be held yearly at which students who have put in the fu course will be allowed to sit. The examination will cover all the subjects of the course a will be both written and practical.

Students who qualify themselves and obtain not less than 30 per cent in any one subjects and 50 per cent in the aggregate will be given a Diploma after the comple the practical course.

A student who fails to secure a pass at the first sitting will be allowed a se and no more. But if he is found to have acquired average proficiency, he will certificate instead of a Diploma and be allowed to undergo the six months' practi
